PROFESSIONAL EXPERIENCE

Solutions Engineer | March 2023 - January 2024
Airplane Labs | Remote

- Acquired by Airtable in January 2024
- Provided technical customer support for all our users achieving an average response time of under 8 minutes
- Developed responsive landing pages for our marketing site (including the landing page used to launch on Product Hunt)
- Developed and implemented customized views, tasks, and templates to expedite customer onboarding
- Redesigned documentation information architecture
- Skills: Next.js, MDX, React, TypeScript, Tailwind CSS, Cypress, GitHub Actions, Python, Docker, SQL

Developer Experience Engineer | April 2021 - September 2022
Cypress.io | Remote

- Co-authored the Real World Testing with Cypress curriculum which teaches developers how to test modern web applications
- Created instructional videos, tutorials, documentation, and example apps
- Led the migration from Nuxt.js to Docusaurus for our documentation site
- Created and maintained various repos and plugins in the Cypress ecosystem, like our GitHub Action, CircleCI Orb, VSCode plugin, and the "Real World App"
- Accelerated the launch of Cypress component testing through rigorous testing, debugging, and API design by creating demos and examples apps
- Developed new landing pages for the new redesign of www.cypress.io
- Skills: Next.js, React, MDX, Xstate, TypeScript, Tailwind CSS, Cypress, GitHub Actions, Circle CI, Docusaurus

Senior Software Engineer | December 2018 - April 2021
InsureMyTrip | Remote

- Led the initiative to revamp front-end tooling for the engineering team, increasing code quality and developer productivity
- Drove cultural shift toward automated testing, which significantly reduced customer-facing issues and bugs
- Partnered with product managers and UX to design and launch a new quote form, enhancing the travel insurance purchase process
- Skills: PHP, Python, Ruby on Rails, Vue.js, JavaScript, Cypress, Test Cafe, WordPress

Senior Software Engineer | December 2014 - December 2019
Freelance/Contractor | Remote

- Taught over 46,000 developers through my Udemy courses
- Design & develop custom sites and applications
